

Statement of Compliance
EC Directive 1907/2006, REACH
(Registration Evaluation, Authorisation and Restriction of Chemical substances)

This statement is to confirm to customers that ESAB is in compliance with EC Directive 1907/2006.

ESAB regularly assess its products to ensure that no Substances of Very High Concern are intentionally added or contained above a concentration of 0.1% (w/w)
A number of substances have been pre-registered by ESAB and will be registered in line with the dates set by ECHA in 2013 and 2018. One substance, iron, has already been registered.

ESAB product safety data sheets and labelling are being reworked in accordance with new EC legislation. This work will be finalised before the applicable deadlines.

The substances contained in ESAB products have been notified in compliance with Article 40 of the EC CLP Regulation.

ESAB communicates REACH requirements to all its suppliers and only accepts products and materials from suppliers that have demonstrated compliance with the REACH regulations.

This statement is made without acknowledging any legal obligation and without prejudice. Under no circumstance shall ESAB be liable for any direct, indirect, special or consequential damages whatsoever arising out of or connection with this statement.
